New Keyvisual

The fair company developed this new key-visual for the EUNIQUE fair:

International premium partner

The international premium magazine "Architektur + Wohnen" (Jahreszeiten Verlag, Hamburg, Germany) has just been won as a premium media partner. The magazine is regarded as one of the leading consumer magazines not only by insiders in the world of design but also by an audience with a passion for design in general. A & W is a magazine for aesthetes and people with a taste for beautiful living. It is aimed directly at educated, cultivated readers with a great affinity for high-class products – making it an ideal partner for EUNIQUE and its exhibitors.

As a location for art and culture with an international profile, Karlsruhe assures a great deal of attention from a broad spectrum of target clientele. For five years now "art Karlsruhe", also organised by KMK GmbH, has been ranked as one of the best successful art fairs in Germany.
